

3-Club Competition

ESTEC, Sunday 17 October 2021

Twenty-six members took part in this, the sixth year of the 3-Club competition - a non-qualifying event. It was played in good golfing conditions with overcast skies, a little cool at ~14C and with a light wind.

As last year, due to Covid19 restrictions, the competition was a muted affair given tee-time starts in place of shotgun, no nearies and no 'après golf' in ESCAPE.

It was somewhat unfortunate that Proware suffered, shall we say, an 'anomaly' on the weekend and provided absolutely no help in recording the scores and providing the results. Luckily, the scorecards were collected after the event and processed by hand.

Furthermore, the EGC had implemented, on 11 October, the amazing re-rating of the course meaning, for the average golfer, an additional four 'strokes received'. The new handicap tables were thus used for the first time in this event.

In the team competition, the AndyCaps would have again been under-represented so four 'unaffiliated' players were assigned to them.

The results are given in the table: just four men played off yellow.

In the individual competition, congratulations to Reno taking first place with a superlative 43 pts. Tony was second with 38 pts. The 'leading lady' was Marga with 34 pts. It was good to welcome Daniel Jareldson to the club and event, scoring 31 pts.

The average score across the twenty-six players was 31.8 points. The average score last year was 27.8, precisely reflecting the change in course rating.

In the CRT team competition, the average scores were:

Friday's Men	35.3
Babes & Boys	33.7
AndyCaps+	29.1
Mulligans	29.0
