

***Serco-ESTEC Annual event –Saturday August 20<sup>th</sup> 13.00 hrs.***

It was a pleasure to continue with this traditional annual event which has been taking place for years now; again this year it was a huge success. We had beautiful weather for both the golf in the afternoon and the social event afterwards with a great turnout of 41 very motivated golfers.

I have even more pleasure in the fact that Serco was again victorious and after having taken the best 10 scores from both sides we won by only a small margin of 7 points. I am very happy to have the trophy back again after missing it for one year. We had 4 wins in a row 2011-2014 incl. before that!!!

***The following is the list of individual prizes: ESTEC had a slight edge here!***

The dinner in the evening was also enjoyed very much by all.

Thank you Serco NL/Europe for again financing every aspect of this event. It was well worth the time and energy I invested.

Thanks also to Derek Gill Peters for travelling again from the UK to participate and support this event. Derek who was employed by Serco and was the contact for ESTEC golf club for many years and who was also involved in the initial “birth” of the ESTEC golf club and all its activities. The Photo below was taken when Derek presented me with the trophy during the prize giving dinner after the event.
