

# NOTICE

## GUR behind green 7

For security reasons the cleared 'path' along the ESTEC perimeter fence behind the 7<sup>th</sup> green has been declared GUR. If a player's ball is deemed to have come to rest in this GUR, he shall continue play from the drop zone defined behind the green, without a penalty. The drop zone shall be considered as the area one club length wide around the drop zone marker, but not extending into the GUR.

*Note: It is understood that the drop zone is closer to the flag than the GUR, but this is acceptable in the definition of drop zones if another position cannot reasonably be found.*
